

## ◆ Summary

BATS is actively seeking a highly motivated person to fill the role of Security Specialist / Desktop support with experience in Network and PC / Server hardware and software.

# [ Security Specialist ]

## ◆ Details

### About BATS

Since its founding in June 2005, BATS has positioned itself in the securities industry as a leading market center delivering speed, performance, and innovation to its subscriber base, which is comprised of hundreds of Wall Street's most recognized names. The industry and technology professionals that make up the BATS team are focused on keeping innovation and competition alive in the securities markets. Because our employees and investors come from the industry, we are well positioned to help make the securities markets a better place to do business.

### Associate Benefits

BATS Exchange offers one of the most exciting places to work in the Kansas City area. Working in the securities industry is exciting, "real-time" fast, always changing, and on the leading edge of technology. We only hire the best and brightest. If you consider yourself in the top ranks in your field of expertise, then you might consider applying to BATS. Join us and work alongside other top notch professionals ... it's always fun being on the "A" team. We have a casual (yet not sloppy) dress code, because we value what our employees can do more than how they dress. Our compensation program, made up of salary, and bonus, is highly competitive. In addition, the company offers a retirement plan with matching contributions, a group health plan, and life insurance.
